

First Committee Meeting

Progress Report

Jason Balaci

McMaster University

Oct. 21st, 2021

Table of Contents

1 Introduction

2 Project

- Drasil
- Goal #1: Typed Expression Language
- Goal #2: Model Discrimination – “ModelKinds”

3 References

 - Hons. Actuarial and Financial Mathematics (B.Sc.)
 - Minor in Computer Science

Who am I?

- I am **Jason Balaci**
- Graduate of *McMaster University*, holding...
 - Hons. Actuarial and Financial Mathematics (B.Sc.)
 - Minor in Computer Science
- Currently pursuing a thesis-based Master's of Computer Science (M.Sc) at *McMaster University*, under the supervision of **Dr. Jacques Carette**

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course
 - Either:

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course
 - Either:
 - Two "Theory" courses, and one "Systems" course
 - One "Theory" course, and two "Systems" courses

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course
 - Either:
 - Two "Theory" courses, and one "Systems" course
 - One "Theory" course, and two "Systems" courses
- I've completed:

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course
 - Either:
 - Two "Theory" courses, and one "Systems" course
 - One "Theory" course, and two "Systems" courses
- I've completed:
 - CAS 701 "Logic & Discrete Mathematics" - Theory course, Fall 2020
 - CAS 761 "Generative Programming" - Software course, Fall 2020
 - CAS 763 "Certified Programming with Dependent Types" - Theory & Software course, Winter 2021
 - COMPSCI 6TB3 "Syntax-Based Tools and Compilers" - Systems course, Winter 2021

¹http://www.cas.mcmaster.ca/cas/0files/reg_master_cs_2019a.pdf

Overview of Progression Towards C.S. M.Sc.

Course-related progression

- I'm required to complete¹:
 - One (1) "Software" course
 - Either:
 - Two "Theory" courses, and one "Systems" course
 - One "Theory" course, and two "Systems" courses
- I've completed:
 - CAS 701 "Logic & Discrete Mathematics" - Theory course, Fall 2020
 - CAS 761 "Generative Programming" - Software course, Fall 2020
 - CAS 763 "Certified Programming with Dependent Types" - Theory & Software course, Winter 2021
 - COMPSCI 6TB3 "Syntax-Based Tools and Compilers" - Systems course, Winter 2021
- Together, the courses completed satisfies the "Courses Requirement" as mentioned in the academic calendar and the "Regulations for the Computer Science M.Sc. Program" document¹.

Overview of Progression Towards C.S. M.Sc.

Thesis/research-related Progression

- Conducted “full-time” research for at least 1 full semester (Spring/Summer 2021), and “part-time” research during courses

Overview of Progression Towards C.S. M.Sc.

Thesis/research-related Progression

- Conducted “full-time” research for at least 1 full semester (Spring/Summer 2021), and “part-time” research during courses
- Attended a thesis defence to learn about what to expect from a thesis defence meeting (and learn about their research).

Overview of Progression Towards C.S. M.Sc.

Thesis/research-related Progression

- Conducted “full-time” research for at least 1 full semester (Spring/Summer 2021), and “part-time” research during courses
- Attended a thesis defence to learn about what to expect from a thesis defence meeting (and learn about their research).
- Supervisory committee is formed, and we’re currently having our first supervisory committee.
 - *Supervisor*: Dr. Jacques Carette
 - Dr. Spencer Smith
 - Dr. Wolfram Kahl
